Dear Sir/Madam,

Subject: P/20/1471 and P/20/1504 Erection of dwellinghouses at Sandpiper Common and Goldcrest Crescent, Lesmahagow
Enquiry Reference: 2383

It has been brought to our attention that planning applications P/20/1471 and P/20/1504 for your new development have been approved.

It is the responsibility of the local authority to allocate and circulate address information for all new properties within their area. Prompt establishment of new addresses will assist when dealing with utility companies as they are all notified of new addresses at same time as Royal Mail.

In order to register the necessary postal address(es) for your development, it is requested that you forward the following information either by email or in hard copy (details as below) as soon as possible but at least 4 weeks before commencement of works to allow time for the allocation of addresses (a minimum of .8 weeks where new street names are required).

- A contact name, address, telephone number and email address (if available).
- Where available, a digital drawing showing the site layout, plot numbers (if applicable) and indicating the main entrance to each of the properties, ideally in AutoCAD format.
- A list of proposed names if your property/properties require(s) to have name(s) allocated.
- An estimated completion date for the development

On developments where new roads are being constructed, you may also submit any suggestions you wish to make regarding proposed street names. Please note that all street name suggestions will be considered, however the final decision on names will be made by South Lanarkshire Council.

Failure to forward these documents to our department before works commence on site will result in a delay in address allocation. This will cause problems with service installation, postal deliveries, valuation banding, etc. Please let us know if there is to be a delay before works commence on your development and we will note this in our files.

If you require any further information on this matter please contact me on the telephone number above. (PTO)

Notes:

1. This process is independent of and has no bearing on the planning application being granted or denied. Note the planning department has no responsibility to forward the requested documentation onto our department.
2. Address information will be required for the site before the buildings are complete in order for services to be installed.
3. This service is currently free of charge.

Subject: New Residential Development at Goldcrest Crescent, Lesmahagow, Lanark
Project Ref: 7687

I can inform you that the addresses for your new development are as shown on our drawing number LP/22/7687. I can also confirm that the Statutory Authorities have been informed.

The addresses allocated to your development are: 1 - 11 (odds) Goldcrest Crescent
Lesmahagow
Lanark
ML11 0GU

(Please note that the provision of postcodes is a Royal Mail function.)
Once built, the postal address for the property/properties can be activated by the Royal Mail by telephoning 03456 011 110, then selecting option 3.

NOTE: Please ensure that house names/numbers are clearly visible from the road.

Please contact me on the email address listed below if you have any questions.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Gillian Freshney".
